

August 6, 2009

Established in 1962, the Youth Science Center (YSC) is a non-profit organization dedicated to improving math and science education (www.youthsciencecenter.org). Representing the San Gabriel Valley, the YSC took a group of young students through Research Tool and Die Works on August 6.

Research Tool and Die Works is a metalworking facility specializing in marine electrical systems hardware (www.rtd.com). Established in 1952, this family-owned business is an active part of the community and member of the California Metals Coalition.

The California Metals Coalition (www.metalscoalition.com) is a non-profit organization representing the interests of the state's metalworking industry.
