Public Workshop to Discuss the Air Resources Board's Enforcement Program

The Air Resources Board (ARB) invites you to participate in a workshop to discuss ARB enforcement policy in a public forum. ARB is interested in exploring ways to achieve higher levels of compliance, expedite settlements, prioritize actions, eliminate economic advantage from violations, ensure consistent enforcement results, serve environmental justice communities, encourage voluntary compliance, increase access to ARB's administrative hearing process, and communicate the goals of ARB's enforcement program. ARB is also interested in discussing strict liability for violations, model penalty policies, and ways to increase opportunities for public access, outreach, compliance assistance, and training.

The Workshop Will Be Held at the Following Location:

DATE: Monday, October 12, 2009
TIME: 1:00 to 5:00 p.m.
PLACE: Cal/EPA Headquarters Building
Byron Sher Auditorium, 2nd Floor
1001 I Street
Sacramento, CA 95814

Meeting Materials

The materials for this workshop will be posted prior to the workshop at ARB's website <http://www.arb.ca.gov/enf/meetings/meetings.htm>.

If You Cannot Attend this Meeting

The meeting will be webcast, and viewers can e-mail written comments or questions during the session to auditorium@calepa.ca.gov. Webcast links are posted at <http://www.calepa.ca.gov/broadcast/?BDO=1>. ARB recommends that you do not run other programs while viewing the webcast, as it may interrupt or lower the quality of the signal.

Directions to the California Environmental Protection Agency (Cal/EPA)

There are many ways to arrive at the Cal/EPA Headquarters Building, but we encourage you to take public transportation or drive low-emission/high-efficiency vehicles whenever possible. Use the following link for directions and information on public transit: <http://www.calepa.ca.gov/EPA/bldg/location.htm>.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
