Speyside Equity Fund LLP Acquires West Coast Foundry and DynaTek

Speyside Equity Fund LLP is pleased to announce the acquisition of West Coast Foundry and DynaTek along with Ashland Foundry in Ashland, PA. The transaction was completed on 5/8/2017.

Speyside owns and operates several foundries including Pacific Steel Casting Company in Berkeley, CA, Sawbrook Steel in Cincinnati OH and Dalton Foundry in Warsaw, IN. Each one of the members in this family of foundries brings its own unique processes and technical skills that the others can draw upon. West Coast and DynaTek will benefit from this grouping.

Dago Aguayo will be the GM for West Coast and DynaTek. He has over 20 years of experience in manufacturing, and brings a wealth of knowledge and background in Engineering, Program Management and Lean Manufacturing to West Coast and DynaTek.

We also intend to bring over Technical resources from Pac Steel to make operational improvements to West Coast/Dynatek over the next several months. Speyside will be making Capital improvements to better serve our customer needs.

About Speyside Equity

Formed in 2005, Speyside Equity employs an operationally intensive approach to investing in Foundries, Specialty chemicals, Industrials and food ingredients businesses. It targets companies with a history of strong revenue, a defensible position in their respective markets, and a core group of managers that can move the business forward. You can find more on Speyside in the attached link.
