About the California Metals Coalition Annual Conference:

Since 1973, leaders of California's metal industry have participated in CMC's Annual Meeting. The event draws 200-300 participants from all sectors of California's metals industry. Sectors in attendance include foundries, die casters, machine shops, forging, heat treating, stamping, forming, recyclers, shredders, extruders, finishers, fabricators, and suppliers to the industry.

Presentations and Speakers:

Speakers may include elected officials, government decision makers, industry experts, facility owners or operators, attorneys, and topic specialists. Topics for the conference vary each year, and may focus on air, water, labor laws, energy, technical, economic, education, training, regulatory challenges, political actions, research, and business strategies. This year's agenda will be released as speakers are confirmed.

Sponsorships and Vendor Tables:

The meeting room is limited to 25 vendor tables, which are guaranteed for conference sponsors. *See next page.*
