San Diego Area

Quarterly Regional Roundtable

NEW DATE: Thursday, August 10, 2017 | 3pm-6pm

Computer Integrated Machining (CIM)—Santee, CA

Roundtable Sponsor: Champion Risk Insurance Services (www.championrisk.net)

About CMC Roundtables: The California Metals Coalition (CMC) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

August 10th Roundtable Topics Include:

- Increase in local cities banning new metal facilities, or halting the expansion of current operations.
- Local air district's new *Air Toxics Action Program* to systematically review 1,100 metalworking facilities.
- Challenges posed by the new Cal-OSHA proposal for indoor heat regulations.
- Storm water lawsuits and the new TMDL regulations being pursued for facilities near impaired watersheds.
- CMC's new 401k Multiple Employer Plan (MEP)
- Trying to save—and expand—California's sales tax exemption for new equipment and tooling.
- Tour the new Computer Integrated Machining facility in Santee.

SPECIAL GUEST: Joining us from 4-5pm is state **Assemblymember Randy Voepel (R-71)** (*at left*). Vopel's district is Southeast San Diego County, including Anza, Santee, El Cajon, Ramona, and Tecate. He served as Mayor of Santee from 2000-2016. Participate in the CMC Roundtable and discuss your issues with an elected decision maker.
