

NORTHERN CALIFORNIA QUARTERLY REGIONAL ROUNDTABLE

Friday, August 10, 2018 | 10am-1pm
Selway Machine Tool —Union City, CA

Roundtable Sponsor: *Keramida Inc.* <https://www.keramida.com>

About CMC Roundtables: The [California Metals Coalition \(CMC\)](#) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

August 10th Roundtable Topics Include:

- Air district rule update for metal facilities (grinding, melting, welding, cutting and other processes).
- AB 617: Statewide law for community air monitoring and new regulations for metal facilities.
- Storm water permits, lawsuits, and new TMDL regulations for all California metal facilities.
- Challenges posed by the new Cal-OSHA proposal for indoor heat regulations.
- 2018 Election: What local and statewide races will impact the metalworking industry?
- Learn why your metal facility can be judged on fugitive air emissions as low as 1 nanogram.
- CMC Defense Fund Discussion: Fundraising and assessments to fight local air district issues.

SPECIAL GUEST: Joining us for the final hour of the meeting is **state Senator Bob Wieckowski (D-10)** (*at left*). The 10th district includes **San Leandro, Hayward, Santa Clara, Fremont, Newark, Milpitas, Union City and part of San Jose**. Wieckowski was elected to the Senate in 2010, and is the Chairman of the Senate Environmental Committee, and Chairman of the Budget Subcommittee on Environment, Energy and Transportation. You have a unique opportunity to meet with the Senator. Please join us on August 10th!
