Gerdau Long Steel Mill—Rancho Cucamonga, CA

Roundtable Sponsor: Russ Gunn of Russ Gunn Insurance Agency

About CMC Roundtables: The California Metals Coalition (CMC) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

August 4th Roundtable Topics Include:

- Increase in local cities banning new metal facilities, or halting the expansion of current operations.
- SCAQMD's new *Air Toxics Action Program* to systematically review 1,100 metalworking facilities.
- Challenges posed by the new Cal-OSHA proposal for indoor heat regulations.
- Storm water lawsuits and the new TMDL regulations being pursued for facilities near impaired watersheds.
- CMC's new 401k Multiple Employer Plan (MEP)
- Trying to save—and expand—California's sales tax exemption for new equipment and tooling.
- Tour Gerdau and see the progress of their new $25 million baghouse system.

SPECIAL GUEST: Joining us for the final hour of the meeting is **state Assemblymember Marc Steinorth (R-40)**. District 65 encompasses San Bernardino County, including Rancho Cucamonga, Highland, Loma Linda, Redlands and San Bernardino. Marc was elected to the California State Legislature in 2014, and re-elected in 2016. He previously served on the Rancho Cucamonga city council.
