SOUTHERN CALIFORNIA

QUARTERLY REGIONAL ROUNDTABLE

Friday, March 10, 2017 | 10am-1pm

Amada Los Angeles Technical Center—Buena Park, CA

Roundtable Sponsor: Russ Gunn of Russ Gunn Insurance Agency

About CMC Roundtables: The California Metals Coalition (CMC) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

March 10th Roundtable Topics Include:

- Update on the SCAQMD metal grinding rule, and how it will impact all sectors of the metals industry. Learn the latest on the rule requirements, compliance costs, and best available control technology.
- SCAQMD is preparing to reopen current metal rules, and pursue new metal rules. Learn how the Air Quality Management Plan (AQMP) will dictate the next wave of rules for all sectors of the metals industry.
- Californians legalized recreational use of marijuana. How will this impact your company, employees, drug policy, testing, and insurance?
- Sacramento's legislative session is turning out hundreds of proposed new laws. How will they impact you?

SPECIAL GUEST: Joining us for the final hour of the meeting is **state Assemblymember Sharon Quirk Silva (D-65)**. District 65 includes Anaheim, Buena Park, Cypress, Fullerton, Garden Grove, La Palma and Stanton. Sharon was a two-term mayor of Fullerton, and served on the Fullerton City Council. She also previously served in the state Assembly from 2012-2014.
