

SAN DIEGO AREA

QUARTERLY REGIONAL ROUNDTABLE

Thursday, March 23, 2017 | 3pm-6pm

Mira Costa Machinist Training Center—Carlsbad, CA

Roundtable Sponsor: Champion Risk Insurance Services (www.championrisk.net)

About CMC Roundtables: The [California Metals Coalition \(CMC\)](#) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

March 23rd Roundtable Topics Include:

- The Mira Costa College Machinist Training Center runs a 12 week, 480 hour program. Tour the facility, discuss the program, meet students, and provide feedback on how we can best prepare these workers.
- SCAQMD's metal grinding rule will soon focus on all sectors of the metals industry. Learn the latest on the rule requirements, compliance costs, best available control technology, and how this will impact your shop.
- Californians legalized recreational use of marijuana. How will this impact your company, employees, drug policy, testing, and insurance?
- Sacramento's legislative session is turning out hundreds of proposed new laws. How will they impact you?

SPECIAL GUEST (invited): Joining us for the final hour of the meeting is **Mayor of Carlsbad Matt Hall** (*at left*). Mayor Hall has been on city council since 1994. He is also a past president of the California Auto Dismantlers Association. Participate in the CMC Roundtable and discuss your local issues with a local decision maker.
