

NORTHERN CALIFORNIA QUARTERLY REGIONAL ROUNDTABLE

Friday, March 31, 2017 | 10am-1pm
U.S. Pipe—Union City, CA

Roundtable Sponsor: Bill Roberts of [Pacific Diversified Insurance Agency](#)

About CMC Roundtables: The [California Metals Coalition \(CMC\)](#) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

March 31st Roundtable Topics Include:

- BAAQMD's proposed rule 11-18 will change how to conduct and calculate a health risk assessment. The air district has also been holding workshops on Particulate Matter (PM) from industrial operations.
- SCAQMD's metal grinding rule will soon focus on all sectors of the metals industry. Learn the latest on the rule requirements, compliance costs, best available control technology, and how this will impact your shop.
- Californians legalized recreational use of marijuana. How will this impact your company, employees, drug policy, testing, and insurance?
- Sacramento's legislative session is turning out hundreds of proposed new laws. How will they impact you?

SPECIAL GUEST: Joining us for the final hour of the meeting is **Alameda County Supervisor and BAAQMD Board Member Nate Miley** (*at left*). Nate was elected to the Oakland city council in 1990, and has served as a Supervisor since 2000. He is a BAAQMD Board Director and has served as past Chair of the BAAQMD.
