Heraeus Precious Metals North—Santa Fe Springs, CA

Roundtable Sponsor: Russ Gunn of [Russ Gunn Insurance Agency](#)

About CMC Roundtables: The [California Metals Coalition \(CMC\)](#) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

October 19th Roundtable Topics Include:

- New state laws AB 617 and AB 1132 that will change activities and enforcement at the SCAQMD.
- Update on local air district metal rules for forgers, melters, heat treaters, recyclers and machine shops.
- Update on new Fed-OSHA Silica Requirements (due June 2018).
- What is your proactive approach to community relations, media inquiries, and elected officials?
- Oct. 15 is the last day for the Governor to sign or veto bills passed by the Legislature before Sept. 15.
- Tour Heraeus's newly implemented metal technology.

SPECIAL GUEST: Joining us for the final hour of the meeting is **Irma R. Muñoz, the Founder/President of Mujeres de la Tierra**. Irma has worked with leaders from the community, elected officials, and the metalworking sector to redefine the traditional “green” dialogue in California. She has served as Environmental Affairs Commissioner with the City of Los Angeles and currently serves as board member of the Santa Monica Mountains Conservancy and the Los Angeles Regional Water Quality Control Board .
