About CMC Roundtables: The [California Metals Coalition \(CMC\)](#) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

October 6th Roundtable Topics Include:

- New state laws AB 617 and AB 1132 that will change activities and enforcement at the BAAQMD.
- Update on local air district metal rules for forgers, foundries, die casters, recyclers and machine shops.
- PAGA lawsuits for labor issues related to wages, meal and lunch breaks, leave, and more.
- Storm water lawsuits, permit requirements, and an updated city permit that will impact metal companies.
- Oct. 15 is the last day for the Governor to sign or veto bills passed by the Legislature before Sept. 15.
- Tour Owens Corning, a high-tech glass melting and insulation manufacturing facility.

SPECIAL GUEST: Joining us for the final hour of the meeting is **Santa Clara County Supervisor, and BAAQMD Board Member, Cindy Chavez** (at left). Chavez previously served on the San Jose City Council in 1998 and 2002.
