

NORTHERN CALIFORNIA QUARTERLY REGIONAL ROUNDTABLE

Friday, October 26, 2018 | 10am-1pm
AB&I Foundry —Oakland, CA

Roundtable Sponsor: *Keramida Inc.* <https://www.keramida.com>

About CMC Roundtables: The [California Metals Coalition \(CMC\)](#) is a statewide trade association with members representing nearly all sectors of California's metalworking industry. We meet regionally every quarter in a roundtable setting to exchange information on the most important issues currently impacting California's metals industry. The roundtable sessions are concise, direct and valuable to all attendees.

October 26th Roundtable Topics Include:

- AB 617: CARB's selection of Northern California cities for statewide community air monitoring.
- 1 nanogram fight...why your metal facility can be judged on fugitive air emissions at 1 nanogram.
- SCAQMD metal rules update (grinding, melting, welding, cutting, heat treating and other processes).
- Storm water permits, lawsuits, and new TMDL regulations for all California metal facilities.
- November 6, 2018 Election: What local and statewide races will impact the metalworking industry?
- Prop 65: Understand more about the new requirements and your potential legal liability.
- CMC Defense Fund Discussion: Fundraising and assessments to respond to local air district issues.

SPECIAL GUEST: Joining us for the final hour of the meeting is **Mayor of San Leandro Pauline Russo Cutter**. As a local teacher, she was elected to the San Leandro Unified School District Board in 1999. In 2010, she was elected to the San Leandro City Council and now serves as Mayor. She also sits on the boards of the **Bay Area Air Quality Management District (BAAQMD)**, Alameda County Transportation Commission, and Alameda County Waste Management Authority.
