**Dear California Metals Coalition Family:**

Community Repower Movement (CRM) is asking our friends and business partners to stand tall at a moment when they are at need the most.

The COVID-19 pandemic will not stop our commitment to those who depend on us the most. We cannot wait on “normalcy” to jump start our efforts to feed our community and friends who continue to struggle.

**THANKSGIVING BOXES:**

The holidays are approaching and no child should spend Thanksgiving hungry. CRM will not sit idle and that is why we have created a food box for the community. Now more than ever, we will continue the good fight for those who have lost their will. We will bring hope back into the community we serve, stand tall, and bring a smile into a struggling or broken heart.

MAKE A THANKSGIVING BOX DONATION:  \$500     \$250     \$100

**ABOUT COMMUNITY REPOWER MOVEMENT:**

Founded in the heart of South Central Los Angeles, CRM began working within disadvantaged Watts Community to provide active community education and engagement on the larger picture of the environment, air, energy and water. The goal is to uphold integrity by educating the community, holding leaders accountable, while respecting the value of the community's needs and voice.
