(Terminal Island)
4. Q & A

Our Company

Elkhart Brass is a long-established U.S. manufacturer known for **firefighting and industrial water-flow equipment**. The company emphasizes **quality, value, and customer service**, and it has maintained a strong reputation in those areas for over 100 years.

 **Municipal**

 **Fire Apparatus**

 **Industrial**

Wireless EXM2 Package - Plug & Play

About SA Recycling at Terminal Island

- Facility Overview
- Personal Experience with Fires
- Robust Design
- Repeatable Configuration
- Reliable
- Easy to Use

Why Did SA Recycling Chose Elkhart Brass?

Fire response is a critical aspect of our recycling operations

They integrate hardware, electrical controls, programming, and remote operation, allowing operators to activate water supply, aim monitors, and adjust stream patterns from a safe location.
